About us

Founded in 2001, Swabhiman is a registered nonprofit, a cross-disability organization, advocating for and serving persons with disabilities in Odisha, India, and South Asia. It advocates for the human rights-based approach to disability, implying that all persons with disabilities need to participate in all spheres of society on an equal basis with their nondisabled peers. Swabhiman has been at the forefront of several policy changes that have positively impacted the lives of persons with disabilities. It specifically focuses on supporting education, strengthening youth for availing employment opportunities, increasing public awareness on the issue of disability, working towards accessible cities, and conducting research for enabling advocacy. At the international level, it works with DPI (Disabled People's International), at the national level with NDN (National Disability Network), and at a local level with its network (Odisha State Disability Network) of district chapters impressive network of civil right advocates promoting and protecting rights of persons with disabilities at all levels.

Vision

People with disabilities are EQUAL
PARTNERS IN ALL RESPECTS AND ALL
FIELDS

Mission

To strengthen the disability movement through research, training, advocacy, and public education for full and equal participation of people with disabilities in the country's mainstream.

Believes

In the right to equality of opportunity. In the right to living with dignity. In the right to information. That disability is a human rights issue.

Values

Differences in people.
Positive thinking.
Walking together.

OUR IMPACT

Building Change Agents for Inclusiveness:	Trained 1370 youth volunteers who have been actively involved in different programmes of Swabhiman. These youth will pass on the message of inclusiveness and will act as change agents in creating a just and inclusive society for children/ persons with disabilities
Striking the Chord:	Communicated with 20 different departments of Govt. of Odisha and apprised them over the issues and concerns of persons with disabilities in the state and appealed for taking appropriate measures.
Spreading Awareness:	Being the keynote speaker on disability and other cross-cutting issues, the Chief Executive Officer took the mission forward with her lectures on the issues of persons with disabilities and the way forward at 68 different institutions.
Leveraging Technology, Strengthening Network:	In order to develop a robust communication mechanism for faster and more effective dissemination of information in the state, video-conferencing, WhatsApp messaging have been introduced to the OSdN (Odisha State Disability Network) partners in all the 30 districts.
Leaders in the Making:	As a targeted intervention, 450 youths with disabilities were identified and provided youth leadership Training through 12 regional and state level workshops.
Towards An Equal and Inclusive India:	“Sashakt Campaign” has been a monumental success as around one lakh people covering all the 30 districts of the state were sensitized about laws and the rights of persons with disabilities. It is an attempt towards creating an equal and inclusive nation where differences are accepted and diversities are celebrated.

MESSAGE FROM FOUNDER AND CEO

It gives me immense pleasure to showcase our impactful initiatives in alignment with the SDGs. At the core of our mission lies a steadfast commitment to inclusivity, advocating for the rights of individuals with disabilities, and cultivating sustainable partnerships. From collaborating with the WFP to tackle poverty-related challenges, to fortifying quality education through tailored support at ICRCs and offering scholarships to deserving students, Swabhiman is deeply entrenched in initiatives aimed at elevating community well-being. Moreover, our dedication extends to creating livelihood opportunities for YwDs, conducting comprehensive access audits for sustainable communities, and spearheading advocacy and awareness campaigns to foster a more inclusive society.

Under SDG-4, we've been at the forefront of holistic educational development, exemplified by programs like the SEP and extensive research on the educational outcomes of CwDs. Furthermore, our commitment to fostering inclusive education is demonstrated through comprehensive training sessions for block resource teachers at state and zonal levels. In parallel, our efforts under SDG-3 center on ensuring health and well-being for all, with a particular focus on those with disabilities. Through strategic partnerships with organizations like ALIMCO and Neo Motion, we've facilitated access to essential assistive devices and conducted health assessments in collaboration with esteemed institutions such as SVNIRTAR, Pipili Health Care Center, Curebay E-clinics, and Lepra Society, championing health equity for marginalized communities. Additionally, our diverse awareness programs, spanning from thought-provoking lectures to sensitization workshops, encompass educational institutions, community engagement, and youth sensitization, underscoring our commitment to fostering inclusivity and catalyzing societal change. Our active involvement in national and international events, including the Second Global Disability Summit and webinars on 'Disability and Development Leaving No One Behind,' further underscores our dedication to driving global discourse and action towards inclusivity. These initiatives stand as a testament to our unwavering dedication to building a more inclusive and sustainable future for all.

Dr. Sruti Mohaptra
Founder & CEO

3 GOOD HEALTH AND WELL-BEING

Health Assessment and Assistive Device Linkages

In addition to regular therapeutic sessions encompassing physiotherapy, speech therapy, and yoga therapy, Swabhiman has extended its support to beneficiaries by connecting them with various health-related benefits, including health assessments at Odisha's premier hospitals and linkages for assistive devices. Five beneficiaries underwent health assessment and treatment support at SVNIRTAR, and three beneficiaries were linked to ALIMCO for assistive devices. An exposure visit was organized for seven beneficiaries to explore livelihood opportunities in healthcare services.

Linkages for Assistive Devices with ALIMCO, Bhubaneswar

10/06/2022: Seven CwDs were facilitated for assessment and assistive device support at ALIMCO. Out of the seven, Barsha Priyadarshini Sahoo, Reyansh Mansing, and Manisha Priyadarshin successfully received assistive devices, including hearing aids, modified shoes, wheelchairs, and orthopedic elbow crutches. The remaining beneficiaries were advised to provide the necessary documents to acquire their assistive devices.

Linkage with Neo Motion

09/06/2022: With the help of an organisation called Neo Motion (Live Life to the Fullest), ten youths with disabilities were selected from different fringe areas of Bhubaneswar to receive one of the advanced gadgets called 'Neo Bolt Wheelchairs' for their

better mobility. These YwDs are wheelchair users and are the neediest ones. Out of these selected beneficiaries, two YwDs named Santosh Pradhan (20 years with OH, ICRC-1) and Rajalaxmi Behera (18 years with OH, ICRC-8) are the beneficiaries of Project Saksham. A team from Neo Motion went to their residence to measure them for the proper size per their requirements. But Rajalaxmi's measurement has some other issues, so for this time, only Santosh Pradhan got selected to get the Neo Bolt Wheelchair. NeoBolt is the ultimate innovation that helps Wheelchair Users move around independently. So this is going to empower the beneficiaries in terms of mobility and confidence.

Health Assessment at SVNIRTAR, Cuttack

26/04/2022: A health assessment session at SVNIRTAR was organized under the guidance of Dr. Professor P.P. Mohanty and his team. Prior to the assessment, discussions with Dr. Mohanty covered the initial interventions and current conditions of the children. Five CwDs,

accompanied by their parents and two team members from Swabhiman, participated in the assessment. Expert physiotherapists and surgeons conducted the assessment, and the team of doctors prescribed necessary therapies, exercises, and treatments. Regular check-ups at intervals of 5-6 months were recommended.

Health Assessment at Pipili Health Care Center: Thee Trust

02/07/2022: A health assessment of CwDs was conducted at Thee Trust, Health Institute, Pipili, under the supervision of Dr. Abhishek Kumar Sanyal. Three CwDs from various ICRCs underwent the assessment. Manisha Priyadarshini, aged 14 with OH, interacted with the doctor, providing details about her medical history and current condition. Following the assessment, the doctor recommended the use of a high-quality wheelchair and advised her to stay at the hospital for basic cleanliness training, for more than five days. Sonali Prusty, aged 10 with cerebral palsy, was identified as a 100% dependent child. The doctor recommended her for regular physiotherapy until December, after which another health assessment could be conducted. For Rahul Biswas, aged 17 with orthopedic disabilities, the doctor advised regular treatment due to his significant health condition and lack of flexibility in his body.

Additionally, the doctor suggested a hospital stay for a few days to manage his condition effectively.

Eye Checkup Camp

09-20/01/2023: A series of Eye Checkup Camps were organized by Swabhiman in collaboration with Sightsavers and Lepra Society at five ICRC based government schools of Bhubaneswar. 362 beneficiaries availed free eye screening for any kind of problem with their vision. It covered children with disabilities, non-disabled children above the age of 14, teachers and family members of children with disabilities. 43 children were referred for further free advanced checkup and treatment and 13 elderly family members of CwDs were diagnosed and referred for free cataract treatment.

On camp days shoes were distributed to the CwDs at all the ICRCs. 40 CwDs from very poor families received new shoes.

Schedule of Camps

- 09-10/01/2023: Government UGUP School, BJB Nagar
- 11-12/01/2023: Shayad Mumtaj Ali High School, Nayapalli
- 13-14/01/2023: Govt. Boys High School, Unit-9
- 16-17/01/2023: Government High School 'Jharpara
- 19-20/01/2023: Govt. School VSS Nagar

General Health Checkup Camp

26/03/2023: Organized a free Health Check-up Camp for PwDs in collaboration with CureBay eClinic. In this camp different blood tests for blood sugar, hemoglobin level, blood pressure, 12 Lead ECG of heart, SPO2 to measure oxygen saturation level, TB (Swaasa) were done. In this camp general health screening of 187 participants were done by the consulting doctor. The health check up continued from 9:00 am in the morning till 6:00 pm in the evening. The participation consisted of 111 PwDs, 27 parents of PwDs and 49 other participants including elderly people. This camp was jointly coordinated by the 18 team members of Swabhiman and CureBay and 3 volunteers of Swabhiman supported for its smooth conduct.

Holistic Educational Development

The comprehensive approach under 'Project Saksham' fosters a supportive environment for CwDs, through its model ICRCs ensuring inclusive education and holistic development since 2016. These centers have remained steadfast in nurturing an inclusive learning environment, offering adapted assistance to each child regardless of their disabilities.

Curricular Activities

Throughout the academic year, a balanced blend of ICRC based and home-based classes was implemented to facilitate the educational advancement of children with disabilities. The focus primarily rested on ICRC based physical sessions, totaling 293 sessions in the first quarter alone, comprising a combination of physical and virtual classes led by resource persons and academic facilitators. Subsequent quarters continued this approach, maintaining a consistent emphasis on ICRC based physical classes along with home-based sessions and assignments, culminating in a holistic educational experience for the participating children. Out of five students 4 CwDs successfully completed their matriculation with flying colors.

Co curricular and Extracurricular Activities

In addition to academic endeavors, children actively participated in enriching art and craft classes conducted at ICRCs, fostering creativity and providing a channel for expression.

Furthermore, a significant portion of the academic year was dedicated to co-curricular and extra-curricular activities, totaling 148 sessions. These activities encompassed a diverse range of engagements such as art, craft, TLM creation, indoor and outdoor games, music, dance, and storytelling. Notably, special events like the Summer Camp and Summer Training on Terracotta and Appliqué injected excitement into learning during the summer months. This multifaceted approach aimed not only to enhance fine motor skills but also to provide children with a well-rounded educational experience, fostering holistic development.

Learning through Exposure and Empowering Sessions

Project Saksham offered a well-rounded learning experience, incorporating activities ranging from music to storytelling, exposure visits to prestigious institutions like IIT Bhubaneswar not only to showcase children's talents but also to foster recognition and inclusivity.

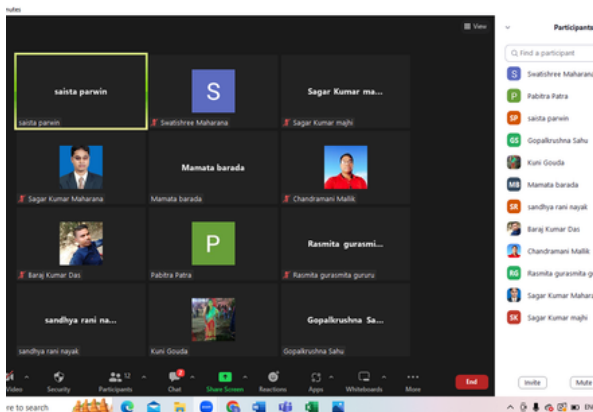

Collaborations with external organizations further enriched the educational experience, promoting community engagement through activities such as letter-writing campaigns. With the aim to spread awareness on disability and inclusion motivational talks and specialized training programs were .

organised, including Indian Sign Language sessions for students as well as teachers, which aim to foster inclusivity. Celebrations like Global Tiger Day offer opportunities for educational enjoyment, contributing to the holistic development of children with disabilities

Scholar Enrichment Program

SEP, a standard component of Swabhiman's Project Addhyayan, provides scholarships for college education. For the period 2022-23, the 25 students who got scholarship support for their college education were automatically enrolled in SEP. They were informed about scholarship details, RPwD Act 2016, and other government schemes available for them. Greater emphasis was given to general studies needed for competitive examination.

Exposure Visit to Media House

26/11/2022: An exposure visit was organized for CwDs to the office of Otv, Bhubaneswar. A total of 13 CwDs with four caregivers and two team members of Swabhiman got an opportunity to participate in this exposure visit. They witnessed the newsroom activities shooting set, experienced news reading and mesmerized the entire team at Otv with their music talents, danced and played musical instruments etc. Children had a great time interacting with many television actors, directors, anchors, news readers and other staff working day and night behind the screen. They had a nice interaction with Litisha Panda, the Business Development Officer and other staff of the Otv Network.

State and Zonal Level Training of Block Resource Teachers

09-31/03/2023: Inclusive education, a key objective of the SDG and a crucial aspect of the NEP, holds significant importance in Swabhiman's endeavors. Its flagship initiative, Project Saksham, has garnered success over six years. Now, the Department of School and Mass Education has adopted and scaling up these best practices across Odisha's 347 blocks, following the launch of block-level resource centers in 2022.

Recognizing Swabhiman's expertise in promoting inclusive education, the department sought their collaboration to provide training and support to BRTs, thus ensuring effective management of the resource centers at the grassroots level.

BRTs received comprehensive training at both state and zonal levels to enhance their management skills in running resource centers. This initiative aligns with the SDGs and NEPs, focusing on inclusive education, particularly for CwDs.

The state-level training of BRTs on resource center management took place from March 9th to March 11th, 2023, in Bhubaneswar. This three-day event, held at the Director of TE & SCERT and 3 different resource centres of Swabhiman set up at different government schools, commenced with a formal inauguration by dignitaries including Shri Anupam Saha (IAS), SPD, OSEPA, and Dr. Sruti Mohapatra, Founder and CEO of Swabhiman. The program was divided into theoretical sessions held at the conference hall of TE and SCERT, focusing on disability laws, policies, and child psychology with a special focus on CwDs. Additionally practical sessions along

with field visits were organized to expose BRTs to resource center management, alternative teaching methodologies, digital literacy and ways to address the needs of children with varied disabilities. The comprehensive training aimed to equip BRTs with the necessary skills to effectively manage resource centers and cater to the diverse educational needs of children.

Following the successful completion of the state-level training, Swabhiman extended its support by organizing zonal-level training programs across various districts of Odisha. These sessions, scheduled from March 16th to March 29th, 2023, delved into specific topics such as the unique features of Saksham, ICRC management, documentation, and child psychology. Expert resource persons, including psychologists and educators, were engaged to facilitate these sessions, ensuring a deep understanding of inclusive education practices. Through these training initiatives, Swabhiman and the Department of School & Mass Education collaboratively aimed to enhance the capacity of BRTs and further promote inclusive education across the state.

Case Study

Swadhin Behera

Name of the School : Sayed Mumtaj Alli High School, Nayapalli

Age: 14

Class : 9

Address: Near Kalinga Stadium, Nayapalli

Disability Category: S&HI

Father name: Susant Kumar Behera

Mother Name: Meera Behera

Swadhin was born into a financially challenged family near Kalinga Stadium, Nayapalli, Bhubaneswar. His father works as a driver, while his mother is a homemaker. Since birth, Swadhin has grappled with S&HI, a condition his parents discovered a year after his birth. Additionally, he experiences fits annually during bouts of fever and cold. Seeking medical advice, Swadhin's parents consulted multiple doctors, and after a series of check-ups, his disability was confirmed. Doctors recommended speech therapy to enhance his communication skills. Despite his challenges, Swadhin, an active boy, displays a determination to learn beyond his limitations., a condition his parents discovered a year after his birth. Additionally, he experiences fits annually during bouts of fever and cold. Seeking medical advice, Swadhin's parents consulted multiple doctors, and after a series of check-ups, his disability was confirmed. Doctors recommended speech therapy to enhance his communication skills. Despite his challenges, Swadhin, an active boy, displays a determination to learn beyond his limitations. Swabhimman's Intervention In 2018, Swadhin's life took a positive turn with the intervention of Swabhimman. He enrolled at ICRC-3, attending various sessions regularly. Although he was previously studying at Sayad Mumtaj Alli High School, his parents, influenced by positive feedback about Swabhimman from other ICRC-3 parents, decided to send him to ICRC. At ICRC, Swadhin availed speech therapy, yoga, tuition, art, and dance classes, among others.

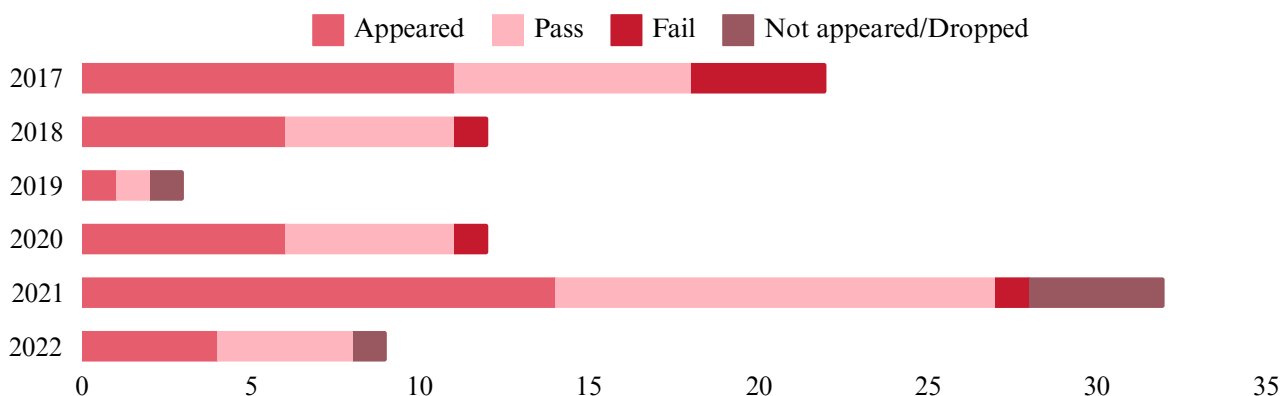

Impact :Thanks to consistent interventions, including speech therapy, Swadhin can now communicate with support from his mother. Displaying a greater interest in co-curricular activities over academics, Swabhimman guided him to nurture his passion for art and dance. Consequently, he actively participates in competitions at school and various platforms through Swabhimman. Over time, his academic performance improved, reflecting the dedicated efforts of the academic facilitators.

Achievement: In 2022, Swadhin achieved a significant milestone by securing admission to the Sports Hostel through the Talent Scouting Program of the Sports and Youth Services Department, GoO. His selection in Archery marked the beginning of advanced training at the Sports Hostel, showcasing his dedication and progress.

Research

Status of 10th result of CwDs under the project area since 2017

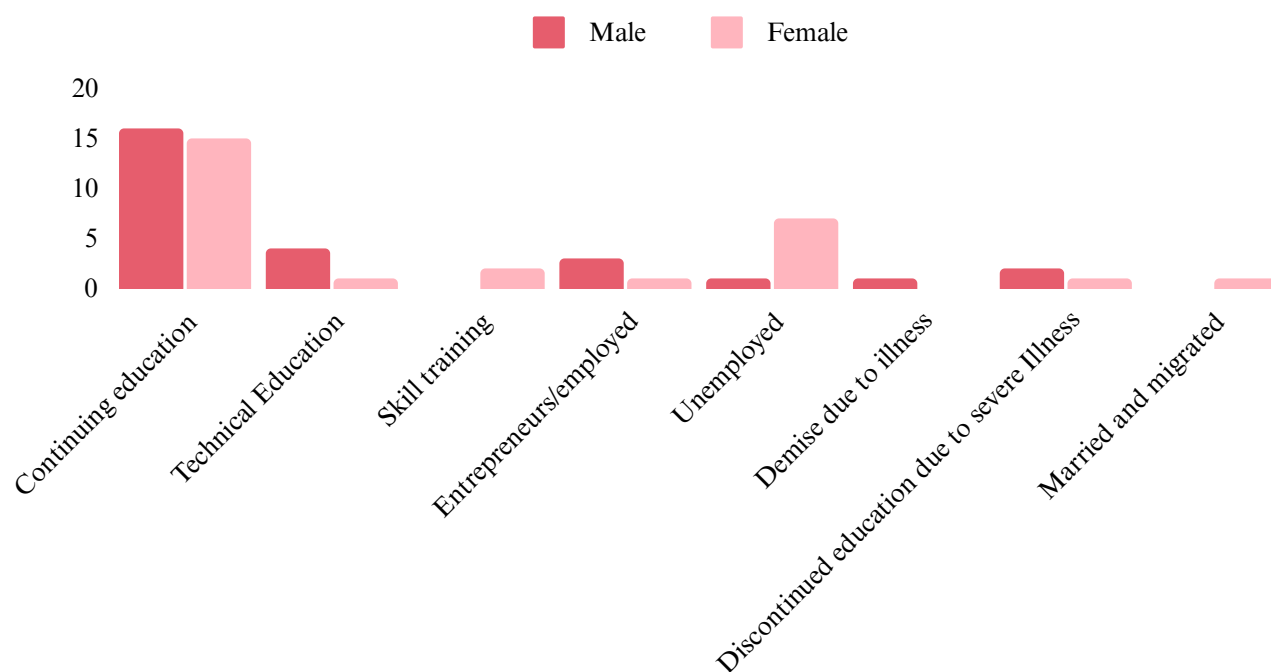

Since 2016 many steps have been taken by team Swabhiman to bring about holistic educational development of CwDs under Project Saksham. One important aspect of this holistic educational development is Academic performance of these children through special tuition classes and individualistic approach. Although it couldn't yield magical output, yet the sincere efforts improved the performance of these children to a great extent. A brief analysis of the performance by the CwDs under Project Saksham in 10th Board examination is given below.

From the above data it can be observed that the passing percentage of the SwDs under the project area are increasing since 2017. Simultaneously the fail percentage is also decreasing with each passing year. The number of CwDs not appearing for the board examination is also decreasing. Earlier CwDs were not appearing for the board examination due to various reasons and few being the lesser emphasis for their education by parents and teachers along with severe health issues. But the reason now has restricted to severe health issues and not the attitudinal barriers.

Current Status of the CwDs Post Matriculation

The current status of the CwDs who appeared or not appeared in the 10th board examination since 2017 and their journey till 2022 is given below.

8 DECENT WORK AND ECONOMIC GROWTH

Livelihood Support

Exposure visit to E Clinic

29/04/2022: One of the YwDs namely Rakesh Pradhan, a former livelihood beneficiary of Swabhiman inaugurated a health clinic at Sagarguan, Bolagarh in collaboration with Swabhiman and Curebay-the topmost E-Clinics of Odisha. He was financially supported by Swabhiman partially for setting up his E-Clinic. An exposure visit to this E-clinic was organised by taking four YwDs and three members from SHG group of ICRC-3. Through this exposure visit they had an idea about e-clinics and their benefits along with the process of setting up an e-clinic as a means of livelihood. With limited investment, these clinics could give a handsome return by providing best health care support to everyone.

Linkage with Neo Motion

18/11/2022: First eight smart rides “NeoBolt,” developed by NeoMotion Assistive Solutions Private Limited, were distributed at Terapant Bhawan, Bhubaneswar. Hon’ble Minister Ashok Ch. Panda of SSEPD, Government of Odisha, distributed these smart rides in a formal program organized by Swabhiman. NeoBolt is the ultimate innovation that helps wheelchair users move around independently, not within the house, but to work, to shop, to go anywhere. All the users need to do is to strap on a front scooter. The user can do this independently without anyone's help.

Livelihood linkage with Tech Mahindra

22/09/2022: Swabhiman and Tech Mahindra collaborated to explore job opportunities for youths with disabilities. Ten promising candidates with various disabilities, including locomotor disabilities, acid attack survivors, leprosy-cured persons, and those with blood-related diseases or dwarfism were identified for the interview process. Four candidates progressed to the second round of interviews, with Swetalina Nayak emerging as the successful candidate. With an MBA and over four years of work experience, Swetaleena's journey reflects resilience and talent overcoming challenges. Among the candidates interviewed Swetalina was selected after the second rebound interview and is currently employed at Tech Mahindra, with a monthly salary of 20000/- under a work from home contract.

Successful stories

Goutam Singh: 22 years old Goutam is a YwD who has quadriplegia (both u.l & l.limbs) with 60% of disability. He faced an accident in class-9 causing major spinal cord injury. For this reason he was admitted to the hospital for treatment and was not able to continue his education. He is a national-level Wheelchair Rugby player and played national-level wheelchair Rugby many times and won the trophy of the winner and runners up also. He also participated in the Javelin Throw, Discus & shot put games. He also won the title of wheelchair racing/marathon/basketball from Govt. of India.

In the year 2020, team Swabhiman came in contact with Goutam. He approached for livelihood support, which he has proposed to start with the help of his mother. He was a national Rugby Player and actively participated in all championships and also got training for 3 months on Screen printing and mobile repairing during his treatment at SVNIRTAR, Cuttack. Goutam Singh has been supported financially by Swabhiman to construct an accessible retail and grocery store. For this he was supported with Rs 45000/-. Initially, he

could not earn a lot of profit because he had to spend a significant amount of the supported funds on the store's construction. But soon, he resolved the issue by adding an open breakfast corner in front of his store. He earned a good profit and used his profit to buy more goods for sale. He was also provided training on the soft skills like use of online gateways for digital payments and to enhance his customer base to use digital payments and credit apps to increase his sales. His sales have increased from 15k to around 45k -50 k in six months. He was earning around Rs 7000 - Rs 8000 per month. Goutam shared that since he couldn't buy a lot of stock due to limited finance but his wife came as a savior and started a breakfast corner just in front of his store. This helped him gain more profit and run his business sustainably. He is planning to expand his food business as it is very profitable. Currently Goutam has recovered well and smoothly running his Grocery shop. With his sincere efforts he expanded his shop adding more stock to it. He even bought a refrigerator with the profit money and started selling cold drinks during summer. He also invested Rs 30000/- in making wooden racks and cabinets to organise the shop properly. These investments are done with the profit money.

Along with the grocery shop he even repairs the mobile phones which add his earnings. Per day selling of his shop ranges from Rs.2000 to Rs.3000/-. Total income from that shop ranges from Rs.8000/- to 10000/- per month. He also planned to buy a photocopy machine in a year or so to his shop to increase his income. With the financial independence Goutam's social status in the family and in his village increased a lot. Now people in his village address him as an

entrepreneur and not with pity. In the family also he is now considered as a breadwinner. This also led to the acceptance of his marriage. Goutam fought against all odds and now with financial independence and support from Swabhiman he has become stronger psychologically. Along with his work he kept his passion in sports alive and recently participated in the 2022 National Rugby 7s Championship at Patna.

Santosh Pardhan: 20-year-old boy with OH with 75% disability since his birth. He is studying in Class-10 at Sabarsahi High School. Both of his parents are daily wage labourers. Due to his poor financial background, his parents are not able to give him proper guidance. But Santosh has a lot of interest in the study. Born to poor parents, Santosh struggled a lot during the pandemic for his studies. Without books and Smartphone, he couldn't able to prepare for his 10th Board. He could neither attend school, physical tuition class nor any virtual class.

Intervention

He was identified by the facilitator in the year 2016. Afterwards, he was supported with extra academic classes and yoga therapy at ICRC-1. Besides education, he has got a lot of interest in cricket and

other co-curricular activities. He participated in a cricket match and all other competitions organized by Swabhiman.

Impact

Without study materials and teaching guidance he was so hopeless and demotivated that he could not pass 10th Board this year. His parents did not have smartphones also so he could not attend the online classes, but sometimes, our facilitators went to his house for the virtual classes conducted by Swabhiman. He has also supported books. Since end of January, we have started our special classes for 8th, 9th and 10th class students. He has actively attended classes and asked frequent questions to the teachers and scored well at ICRC based examination. He tried his level best to study hard and prepare himself for the board examination.

Earlier he did not even know the formulas of mathematics, but now because of regular practice he could solve all mathematics problems. He could not understand science but now can understand the subject. Apart from math & science classes, he practised literature subject periodically.

Access Audit

Swabhiman conducted an Access Audit of 96 buildings in 10 districts of Jharkhand State under the DWCDs, Government of Jharkhand, during months of May and June 2022. Mihir Kumar Mohanty, Program Director of Swabhiman with the audit team of Satyajit Behera, Kamalakanta Lenka and Tapas Jena from Swabhiman conducted the audits along with local volunteers with a disability under the Accessible India Campaign (Sugamya Bharat Abhiyan).

Assessment of the situation of People with Disabilities, including barriers to access Government safety nets in Odisha

12/10/2022: Conducted an orientation meeting for "Assessment of the situation of PwDs, including barriers to access Government safety nets in Odisha" at Hotel New Marrion, Bhubaneswar. The objective of the meeting was to understand the extent; PwDs can utilize Government schemes and the barriers they face in accessing the Government food-based utilize Government schemes and the barriers

they face in accessing the Government food-based safety nets in Odisha. This assessment will be done by Swabhiman in collaboration with WFP, UN and OSdN. This was an open group discussion session. Around 19 participants from five different organisations named Sradha, Sundergarh, YSC, Bolangir, Banabasi Seva Sangstha, Ekta and Koraput joined the sharing meeting and participated in the discussion.

Advocacy

State-level strategic meeting for Disability Awareness Campaign

08/06/2022: OSdN organized its state-level strategic meeting for the second phase of its Sashakt Campaign i.e. SASHAKT II at Hotel Pushpak, Bhubaneswar. District-level convenors of OSdN, and state convenor along with other officials participated and planned out the strategies to roll out the second phase of Sashakt campaign 2018. SASHAKT II is targeting to reach out to 314 – blocks, 1000 gram panchayats, 3500 villages, and 50000 – PwDs in rural Odisha on creating awareness of RPwD Act-2016 and many more to ensure the rights of PwDs living at the remotest village of the state.

Advocacy with JNV Khordha

In order to provide best possible education support to Manisha Priyadarshini, a class IX student of JNV, Khordha, team Swabhimana advocated with the school authorities of JNV for her accommodation and necessary support for her stay in the hostel and support from the teachers in studies. The team convinced the principal to allow a caregiver to stay with Manisha in the hostel and to make necessary arrangements for her physiotherapy. The second visit was to verify the accessibility of the hostel rooms, toilet, canteen and classrooms etc. During the second visit Manisha and her mother also went to visit the school and meet the Principal, collected the books and copies, interacted with all the teachers in the school and felt confident to start with new enthusiasm.

Capacity building training program on Disability Inclusive Disaster Risk Reduction

19-20/04/2022: A two day training program on Disability Inclusive Disaster Risk Reduction was organised by Sphere India supported by CBM India and Sphere India at CYSD, Bhubaneswar. The prime objective of this training was to build the capacity of people who work in disaster-prone areas to make practical strategies taking into consideration the vulnerabilities and responding as per humanitarian standards. Disaster Risk Reduction is "the concept and practice of reducing disaster risks through systematic efforts to analyse and manage the causal factors of disasters, including through reduced exposure to hazards, lessened vulnerability of people and property, wise management of land and the environment, and improved preparedness for adverse events".

Considering that some groups, including people with disabilities, are at higher risk of disasters, Inclusive DRR is an effort to reduce the vulnerabilities of the most excluded ones and to

increase their capacities to reduce the risks. So, this training will help to plan emergency response and DRR strategies recognizing the rights of these groups to benefit from and participate in disaster relief.

Swabhiman, as an organisation having expertise in the issue of disabilities, provided coordination support. Team Swabhiman and members of the Inter-Agency Group made by Sphere India participated in this training program. Ahyar Shandilya was the trainer from Sphere India. A total number of 19 participants attended the session from different local level organisations.

Awareness

Lecture on Gender and Disability through a lens of Intersectionality

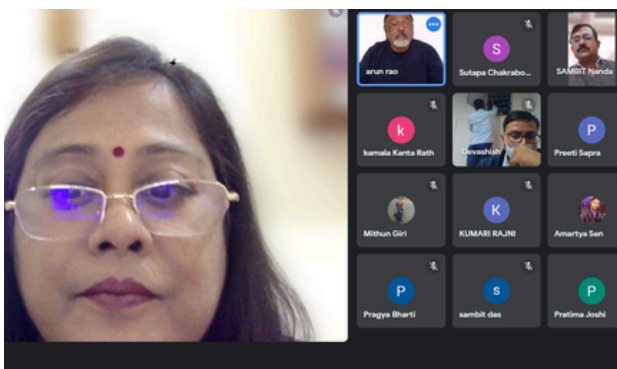

06/04/2022: NCPEDP developed an online certificate course “An Introduction to Disability Research- A Legal and Social Studies Perspective” in collaboration with CDRT, Kirori Mal College, University of Delhi. Dr. Sruti Mohapatra was invited to deliver lecture on gender and disability through a lens of Intersectionality (4:30 PM – 6:00 PM). It was the 19th class in the series of lectures. Her address promised insights into the intricate intersections of gender and disability, offering a fresh perspective on the subject matter.

Disability Sensitisation Programme for the Anganwadi Workers

18/05/2022: A series of disability sensitisation programs targeted at anganwadi workers across various blocks of Puri district were conducted, with a total of 232 workers being sensitized on disability issues, early intervention, and the RPwD Act 2016.

The first program took place at Rajeev Gandhi Bhawan, Kundhei, Kakatpur, where 52 participants from Kundhei and Balidokan sectors attended the sensitization program. Mihir Kumar Mohanty, Program Director, was the resource person, providing an in-depth overview of disability, early intervention, and the RPwD act.

11/06/2022: Another training session was held where 60 Anganwadi workers were trained at Birapratapur Panchayat office in Puri Sadar Block. The focus was on recognizing 21 categories of disabilities, early identification, and understanding key features of the RPwD Act 2016. The training also covered effective parent counseling, fostering grassroots convergence among various departments for the empowerment of CwDs, and managing anganwadi classes during pandemic situations.

Basic sign language understanding was also included in the program.

18/06/2022: The third disability sensitisation program for Anganwadi workers took place at the Panchayat Office, Kakatpur, with 55 participants from Kakatpur and Patapur sectors. Mihir Mohanty once again led the session, providing insights into disability, early intervention, and the RPwD act.

29/06/2022: A sensitization program was organized at the Pratap Ramachandrapur GP office of Puri Sadar Block. Under the CBM-supported project, 65 Anganwadi workers were trained on grassroots convergence of different departments for CwD development. Mihir Mohanty, Program Director at Swabhiman, facilitated this session.

Teacher's Training on Understanding Disability at KIIT International School

14/07/2022: A teacher's training session on "Understanding Disability" was conducted at KiiT International School. It was an interactive session. The main aim of the training was to sensitize the teachers towards the issue of disability and to help them understand their students with disabilities better. This session will help them to accommodate the needs of the children and help them to learn and grow.

Leprosy Awareness Programmes in 2023

19-29/03/2023: Ten awareness programs on Leprosy and the Rights of Persons Affected with Leprosy were conducted in collaboration with DPI and Sasakawa Foundation. These awareness sessions were held in accordance with the RPwD Act 2016, targeting students and rural communities. Despite India's declaration of

eliminating leprosy as a public health problem in 2005, it still harbors over half of the world's new leprosy patients, as stated by Union Health Minister Mansukh Mandaviya in the NSP and roadmap for leprosy 2023-2027.

These awareness programs addressed 786 individuals (177 male and 609 female) across five districts named Koraput, Phulbani, Mayurbhanj, Bolangir, Khordha and Puri. Each event featured presentations, discussions, and feedback sessions with students, community members, persons with disabilities, mothers of CwDs and tribal

community members etc. The key messages given during the sessions emphasized the curability of leprosy, its low contagiousness, and the importance of early treatment to prevent disabilities.

The programs were inaugurated by heads of the organisation, principals, local eminent people etc. Some names are Lalit Christopher (HOD, Social Work NISWASS), Umesh Chandra Purohit (Secretary, Youth Service Centre, Balangir), Dr Ashok Kumar Tripathy, (Principal, Maa Mangalala College), Rabindra Panda (ASS Secretary, Banabasi, Phulbani), Nandita Kumari (Legal expert), Urvasi Digal (sarpanch), MonoranjanJani, (Sarpanch), Sarita Pattnaik(Psychologist), K. Simanchal Reddy (General Secretary EKTA, Koraput).

The leprosy awareness programs were a commendable initiative to raise awareness about the disease and eliminate its associated stigma. The program aimed to inform people about the symptoms, causes, and treatment of leprosy and promote a more inclusive and supportive society for leprosy-cured individuals.

Overall, the program successfully achieved its objectives, and it is hoped that such initiatives will continue to raise awareness and eliminate the stigma associated with leprosy. Swabhiman remains committed to providing all support to students and community members to continue spreading awareness on leprosy issues and its cure. We must renew our focus on accelerating towards a leprosy-free world and that efforts must be continuous, and a leprosy-free world secured for all.

Sensitization on disability rights for Law Students, XIM University

06/03/2023: International Women's Day, the Legal Aid Cell of Law School, XIM University celebrated the pioneer women achievers and raised awareness against gender inequality and discrimination. The meeting was held to recognize and celebrate women's social, economic, cultural and political achievements and raise awareness towards achieving gender equality. Dr Sruti Mohapatra delivered a speech on the significance of the legal rights and put stress on the rights of women and girls with disabilities. Addressing the law students she shared the need of sensible and sensitive approach of young and budding law professionals for bringing in social justice. The main objective of this program is to raise awareness through gender equality and equal participation in the concept of WwDs. The highlighted points during the discussion were focused around advocacy for the rights of women and girls with a disability. Legal support, advocacy, policy-level changes and implementation affects the rights of women with disabilities, other disability rights, including employment, education and health care.

Celebration of World Poetry Day & Down Syndrome Day

21/03/2023: World Down Syndrome Day and World Poetry Day were celebrated in partnership with Ketki Foundation at Bharatiya Bidya Bhawan, Bhubaneswar. For the first time ever it's celebrated with a difference by inviting poets, disability activists, teachers and parents of children with Down Syndrome along with students with and without disabilities.. This event marked the first-ever celebration by inviting poets, disability activists, educators, parents of children with Down Syndrome, as well as students with and without disabilities. Poetry recitations focused on themes of inclusion, diversity, and disability. Guests included renowned figures such as Kedar Mishra, Swapna Mishra, and Biraja Prasad Routray, who delivered profoundly meaningful poetry emphasizing inclusion and capabilities. Dr. Sruti Mohapatra's poem "Silvery Dream" was also recited. Invited poets from various backgrounds like Barida Prabha Mohanty, Kabita Kanungo, Jyoti Rath, Bharati Parida, and Suprava Satpathy presented inspiring and insightful poetry, challenging societal perceptions.

After a very overwhelming poetic session with amazing presentations, few CwDs like Sreya Sahoo, Sneha Suman Rout, Amit Bikram and Ritwik Rath performed modern dance with the beats of music. It compelled everyone to step in and enjoy. With the presence of 40 audiences this program was celebrated well. Mothers of CwDs also shared their poetry. Through simple yet powerful words, Manasi Rout, Bijayalaxmi Barik, and Soubhagini Sahu conveyed messages challenging societal prejudices.

Sensitization of youth on Gender Violence vis-a-vis Women with Disabilities

08/03/2023: A Sensitization program was organized on Gender Violence vis-a-vis WwDs at St Joesph Seva Sadan Community College, Bhubaneswar with the presence of 32 young student trainees who were pursuing skill development training on different skills. The main aim of this session was to reduce the incidents of violence against WwDs by sharing knowledge about the acts and laws, institutions, authorities for the protection of women from violence.

The discussion was focused on various forms of gender based violence and especially violence faced by WwDs. Acts and Laws available for protection of WwDs from violence and the mandates under various Acts were discussed focusing on the provisions made under RPwD Act 2016 and PwD Act 2005. Besides this provisions of compensation under specific cases of violence and provisions of stringent punishments in case of sexual violence were discussed. At the end of the session, Institutional support system available for protection of WwDs if they face any kind of violence and the ways to avail the same was shared with the participants.

Sensitization workshop program at IIMC, Dhenkanal

20/02/2023: A Sensitization workshop on “Disability Issues-Responsible Reporting” was organized at the IIMC, Dhenkanal, at the invitation of Prof. Mrinal Chatterjee (Professor and Head, IIMC). Dr Mohapatra started with her life's journey after the accident, and then spoke on the history of disability and essential issues. Finally, she spoke on “Disability Issues-Responsible Reporting.” She started with media portrayal of

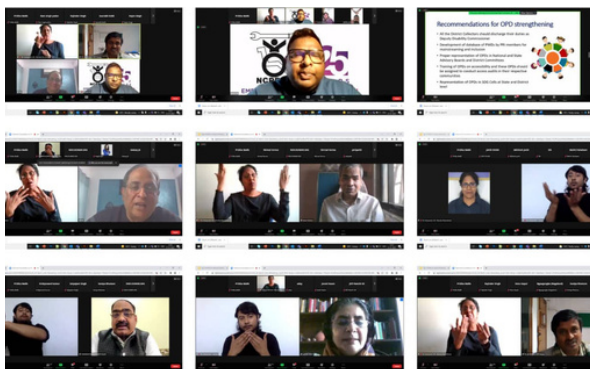

disability by showing various short videos, talked about the myths and facts, disability etiquette and giving a few examples with storylines. Children also came with multiple queries related to media disability and interacted with Dr. Mohapatra.

Second Global Disability Summit

16/04/2022: International Disability Alliance, in collaboration with the Government of Norway and the Government of Ghana, hosted the second Global Disability Summit, which spanned over two days, on 16-17/04/2022. As part of the main Summit, various Side Events were organized, including one by NCPEDP in partnership with UNESCO, New Delhi. This Side-Event focused on the theme of Inclusive Education.

Dr. Sruti Mohapatra participated virtually on 16/04/2022, addressing the status of the impact of Covid-19 on Inclusive Education from a South Asian perspective, specifically in India. She emphasized the importance of upholding the rights of all disabled students, highlighting that exclusion from education services, even during a pandemic, is a violation of their fundamental rights.

The discussion touched upon various challenges faced by students with disabilities, including disruptions in routines, unaffordability of digital devices and internet access, and the lack of appropriate teaching and learning materials. Caregivers, particularly mothers, reported increased household responsibilities and stress levels, impacting the well-being of both the caregivers and the CwDs. Issues with accessibility, non-teaching activities by teachers, and the absence of guidelines or training for the education of CwDs were also raised.

In the context of Indian legislation, the RPwD Act 2016 played a crucial role in defining and promoting inclusive education. RTE Act 2009, amended in 2012, specifically addressed the educational needs of CwDs. The NEP 2020 further endorsed the provisions of the RPwD Act, emphasizing the inclusion and equal participation of CwDs.

Despite these legislative measures, the challenges ahead were discussed, including the low enrollment of CwDs in schools, drops in enrollment at higher education levels, and the insufficient training of teachers to cater to the educational needs of CwDs. The impact of the pandemic exacerbated these challenges, further emphasizing the need for a holistic approach to address the diverse needs of CwDs.

The report suggested several ways forward, including bringing CwDs back to schools, making digital modes of education inclusive and accessible, and addressing the needs of CwDs holistically. It also highlighted the importance of curriculum and pedagogy in transforming the education system and called for higher budgetary allocations to support these initiatives.

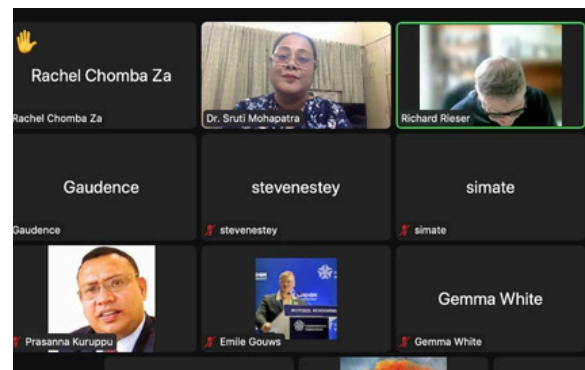

Fostering Inclusion through Data in South Asia

10/05/2022: Groundbreaking launch event unfolded from 2:30 PM to 4:00 PM (Kabul Time), with a focus on advancing inclusion through data in the South Asian Region.

A report by UNICEF, highlighting 70 indicators of well-being for CwDs, served as the foundation for data analysis in South Asia, specifically using data from MICS Nepal,

Bangladesh, and Pakistan. The online launch event, titled “Fostering Inclusion through Data in South Asia,” was organized to present key findings and introduces the Centre of Excellence on data for CwDs. The event, conducted virtually, aimed to underscore the significance of utilizing data as a potent tool for promoting inclusivity in the South Asian context.

During this significant occasion, Dr. Sruti Mohapatra virtually participated, contributing valuable insights to the discussions. The event aimed to explore and promote the use of data as a powerful tool for fostering inclusivity in the South Asian context. As a key participant she added her expertise to the enriching discussions that unfolded during the event.

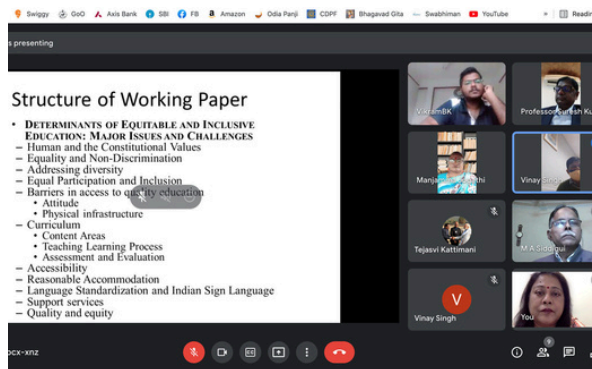

National Consultation on National Curriculum Frameworks

20/05/2022: NCF was conducted at USI, New Delhi, addressing key areas of School Education, ECCE, Teacher Education, and Adult Education. Organized by the NDN, the event saw the participation of leaders and experts in the disability sector from across the country.

Dr. Sruti Mohapatra presented insights on the inclusion of PwDs in the National and State Focus Groups for the NCF, shedding light on the understanding of NEPs and NCFs. The presentation delved into topics such as engaging with State groups, contributing to State Reports, preparing position papers from NDN for Inclusive Education, and forming groups within NDN to contribute to overlapping NFGs.

The significance of the NCF was emphasized, as it serves as a guiding document for syllabus design,

textbooks, and teaching practices throughout the country. India currently follows the fourth NCF, published in 2005 by NCERT. However, in the intervening 16 years, substantial changes have occurred, including the emergence of new job markets and demands, particularly in the tech sector, accentuated by the Covid-19 pandemic's impact on the need for IT skills.-19 pandemic's impact on the need for IT skills.

The report concluded with a comprehensive list of critical questions that need to be addressed to ensure inclusion and equitable educational opportunities, spanning systemic, school, and classroom levels. These questions encompassed various aspects, including the role of technology, teacher capacity, and support, necessary preparations for practicing inclusion, and the importance of a conducive school culture. Over all this consultation highlighted the imperative need for an updated framework that caters to the evolving educational landscape and inclusivity, particularly for children from socio-economically disadvantaged groups and those with disabilities.

COSP side event on Disability and Disaster Resilience: Ensuring Equality and Inclusion

17/05/2022: The 15th session of the COSP side event titled Disability and Disaster Resilience: Ensuring Equality and Inclusion during the 15th session of the COSP from 6.00 -7.15 pm IST saw Dr. Sruti Mohapatra speaking among four other experts. With the Covid-19 pandemic and other climate related hazards laying open the adverse impact on persons with disabilities, it is important to promote disability inclusion in disaster risk management and work disability inclusive disaster risk reduction for resilience. PwDs are often

overlooked throughout the disaster management cycle and are seldom considered as important actors in promoting Disability Inclusive Disaster Resilience. are often overlooked throughout the disaster management cycle and are seldom considered as important actors in promoting Disability Inclusive Disaster Resilience.

CHOGM 2022

20/06/2022: Dr. Sruti Mohapatra, founder and CEO of Swabhiman, was the newly elected VP of CDPF and was in Kigali, Rwanda, South Africa to address the delegates of CHOGM 2022. CDPF, based in London, engaged and influenced the structures and organs of the Commonwealth, especially the Commonwealth Heads of Government.

Leaders of Commonwealth countries meet every two years for the CHOGM, hosted by different member countries on a rotating basis. Since 1971, a total of 24 meetings had been held, and this time it was in Kigali, Rwanda, South Africa. It addressed global issues and Commonwealth priorities. Leaders from 54 countries gathered in Kigali that week for CHOGM 2022, taking participants from government, business, and civil society under the theme 'Delivering a Common Future: Connecting, Innovating, Transforming'.

People's Forum 2022

21/06/2022: The CDPF made a significant intervention in the People's Forum 2022. In the session on “Building Resilient and Equitable National Health Systems,” Secretary Richard Reiser, Vice President Dr. Sruti Mohapatra and Thandiwe made interventions. Dr. Mohapatra’s five points for Building Back Better were noted down for inclusion in draft on health to be placed before heads of governments. They included accessibility, health partnerships at community level between government services and community organisations, heterogeneity considerations in all plans, higher budget for building capacity of disabled people and sharing success stories at grassroots and narratives of disabled people by themselves.

Webinar on Disability and Development leaving no one behind

30/07/2022: Team Saksham attended the online webinar on “Disability and Development leaving no one behind” by Dr Sruti Mohapatra. More than 50 participated in the webinar from different parts of India. The main objective of the webinar is to sensitize on how UNCRPD recognizes the importance of persons with disabilities. This was an open discussion session where audiences actively participated with various doubts to clarify.

State Level learning workshop on Inclusive Education

17/08/2022: Tanmayee Sahu, Program Manager and Tapas Kumar Jena, Academic facilitator, represented Swabhiman and actively participated in the learning workshop on ‘Inclusive Education’ organized by Project Samarthya, KISS, in collaboration with the UNFPA and Department of SSEPD. The main objective of this program was to impart knowledge on the specific needs of adolescents with disabilities which will help them learn about different innovative and usable tools and methodologies. The participants were from different organizations working on the issue of disability, government officials and experts on different categories of disabilities. The experts shared many innovative learning tools, and the best practices were shared by participants. Stalls on different teaching and learning tools and materials were also put up for display and sharing .

The experts for technical sessions were Amar Jain, web accessibility professional, New Delhi, Ritika Sahani,

Founder Trustee, Tina Yani, Mumbai, Dr. Soumya Vinayan, Assistant Professor, CSD Hyderabad, Sivaji Panda and Kasturi Mohapatra, former State Commissioner for PwDs. The guests were Bratati Harichandan (IAS), Director SSEPD, Ms Nikita Sisaudia, State program Analyst, UNFPA, Odisha, Deepak Kumar Behera, VC, KISSDU and Dr. Prashanta Kumar Routray, CEO, KISS.

State Level Consultation with OPDs on WHO draft Global Report on Health Equity for PwDs

17/08/2022: OSdN Partners & representatives of Swabhiman participated in a state-level consultation with OPDs on the WHO Draft Global Report on Health Equity for PwDs organized by Sightsavers and Organization of PwDs of Odisha. The objective of the meeting was to make healthy equity for the PwDs a global health priority with additional recommendations. Recommendations like early intervention and identification, advanced health facilities, more research projects for better information, the introduction of ISL at both Urban and Rural health institutions, specialist doctor appointments, health insurance facilities, and menstrual hygiene have been discussed at the workshop.

Women's Participation and Leadership in Disaster Risk Reduction

24/02/2023: State Level Consultation with OPDs on WHO draft Global Report on Health Equity for PwDs Sruti Mohapatra, CEO Swabhiman and Convenor OSdN, spoke on issues of women with disability and women in general in the National stakeholder consultation on "Women's Participation and Leadership in Disaster Risk Reduction" organised by NPDRR UN India, and NIDM India.

Spoke on issues of Youth with disability and women with disability

16/03/2023: Dr Sruti Mohapatra, CEO Swabhiman and Convenor OSdN, spoke on issues of YwDs and WwDs organized by CDPF. Swabhiman represented India along with representatives from various other countries.

Flagship Programs

Prerana Samman

13/10/2022: 18th Prerana Samman ceremony was held at 11.00 am on Thursday to celebrate the success of CwDs in matriculation examinations. Initiated in the year 2014, it was conceptualized to recognize top scoring SwDs in Class X and XII examinations, in the state of Odisha. It is an effort at creating awareness about the potential of SwDs in Odisha and simultaneously motivating the

students to improve their performance.

100 students were honored with various disabilities from across the thirty districts who have scored above 85% of marks. They will receive a monthly scholarship of Rs. 100 for the academic session. 22 students who have secured above 90% and above were awarded a gold medal, certificate and books worth rupees 3000; 78 students who have secured between 84-89% received silver medals, certificate and books worth rupees 500 rupees.

Anupam Saha, IAS (the SPD, OSEPA, GoO), Nivedita Scudder (President Swabhimana), Poly Patnaik (Founder and Principal MPS Bhubaneswar) Sabyasachi Misra (Cine Actor, Social Activist and Ambassador of Love and Inclusion), Padma Mahanti, IFS, DIGF Eastern Region, Dr Sruti Mohapatra (Founder and CEO Swabhimana) and Mihir Kumar Mohanty (Director Programs) along with other dignitaries felicitated children. Each awardee was presented with a certificate and badge. The awardees spoke about their struggles, their life and achievements; which became inspiration for all.

Anjali 2022

14/11/2022 to 14/12/2022: One month long Anjali International Children's Festival 2022, our initiatives, including Silent Anjali and Mini Anjali, united deaf schools in Bhubaneswar and reached children across six states and three districts, including those beyond borders. Through expert-led camps, children embraced diversity, overcame obstacles, and nurtured confidence. 50 local volunteers, district partners, and sponsors their support enabled 4800 participants to benefit from enriching experiences. included eminent guests and outstanding resource persons from India. Prachi Tara (the storyteller), Usha Venkatraman (the storytellers with poppets), Pravin Tulpule (the clown magician), and Kamal Kant (cartoonist) created workshops which were a collage of merry tones, rhythms, and music, a collision of memories, jokes and serious commentary. Our resource persons symbolised real wisdom: "If we appreciate differences of each other then we understand each other." 2022 celebrations at International (USA, South Africa, Kenya, Bhutan), National (Kashmir, Madhya Pradesh, Assam, Himachal Pradesh, Tripura), District (Kandhamal, Rourkela, Koraput, Kalahandi, Puri), city (Schools, Museum, Public places, Radio stations, TV studios) level joined the festivities. On 14 December the Valedictory program marked the end of the one month long festival - films, workshops, scholarship, storytelling, competition, and panel discussions.

Celebration of Special Days

World Autism Day

02/04/2022: Autism Awareness Day is celebrated every year on 2nd April around the world. This year theme was "Inclusion in the Workplace: Challenges and Opportunities in a Post- Post-Pandemic World. Swabhiman celebrated the day to raise awareness and sensitize communities on Autism Day at ICRCs. Participants were educated about different variations of Autism and encouraged to accept it. There were 28 participants present during the program. Sarthak Dwivedi (13 years with Autism) participated and performed in the awareness program.

International Day of Yoga

21/06/2022: 8th International Day of Yoga was observed. During this session, students of Jharpada Primary School (ICRC-6), teachers, staff, interns of Swabhiman, and beneficiaries of different ICRCs performed various basic Yoga postures during the long hour session at Jharpada Primary School. Mr Upendra Mohanty was the resource person of the session. This year's theme was "Yoga for Humanity". Around 72 participants attended the session, including 12 CwDS from different ICRC's.

World Health Day

On World Health Day, a Meditation Program was organised by Prashanti Educational and Charitable Trust. It's a program called "Sushumna Kriya Yoga". Here, Tapaswini

Panda (Chairman and Trusty) and B. Ramalaxmi (DBSKY in charge) were the resource persons of the session and taught students some meditation and yoga sessions. After taking one session on yoga, they assured that they will take one session once in a week. One of the parents from ICRC-3, Manashi Rout (Mother of Sneha Suman Rout). There were almost 23 participants in the session.

World Tiger Day

29/07/2022: Experiential learning is an essential part of children's learning. With the joint collaboration with the RMNH, an opportunity to be a part of celebrating the Global Tiger Day with the children. Museum Authority shared the history behind the celebration of the tiger's day and many interesting facts related to tigers. How they play an important role in balancing the ecosystem. They have also organized an origami session on how to make Tiger face Masks. A total 40 number of participants attended the program in physical mode.

Celebration of 75th Independence Day

15/08/2022: Har Ghar Tiranga is a campaign under the aegis of Azadi ka Amrit Mahotsav to encourage people to bring the Tiranga home and to hoist it to mark the 75th Year of India's Independence. With the symbolic patriotism, Swabhiman also made an initiative to support and to make it as an activity to contribute for the celebration. Under this, planned a few activities like "to draw the national flag at ICRC level and to hoist them at their own houses. Apart from painting the national flag, children also participated in school programs like dancing, singing, debate, marching etc. Children participated and sang national anthem, participated in the flag hoisting program organized by school, national anthem through

sign language, participated in the cultural activities program, and a mono action was presented by Sarthak Dwivedi. Cwds also participated in the group dance program at the school during the flag hoisting program.

Celebration of Diwali

22/10/2022: The festival of lights, Diwali was celebrated by the children with disabilities in different ICRCs by making colorful earthen Diyas. Children of four ICRCs enjoyed painting the Diyas and some of them were sold by these children. They also decorated the centers with colorful crafts and created all the vibes of Diwali without fire and pollution.

Celebration of International Day for Persons with Disabilities

02/12/2022: The International Day for Persons with Disabilities was observed, spanning five ICRCs in Bhubaneswar and orchestrated by a team of four members. The event aimed to enhance awareness of disability issues and advocate for the dignity, rights, and well-being of individuals with disabilities, aligning with the theme "Transformative solutions for inclusive development: the role of innovation in fueling an accessible and equitable world." The festivities comprised inclusive games and competitions pairing children with disabilities and those without. Activities encompassed "Smell and Tell," identifying items by scent, "Catch the Ball," involving throwing and collecting balls, "Paper Folding (Origami)," judged for perfection, "Guess What? (Tell the Sign)," based on correct interpretations, "Keep the Balloon in the Air," considering duration and height, "Slow Cycle Race," with one partner riding and the other sitting, "Lemon Spoon," a two-way race, and an "Art Competition" on 01/12/2022, evaluated for equal participation, theme adherence, and overall presentation.

Each competition awarded trophies to two pairs (First and Second), evoking joy and enthusiasm from participants. The impact was significant across stakeholders. Teachers underwent an eye-opening, experiential learning process, closely witnessing the potential and surprising performances of children with disabilities. The event fostered strong bonds between headmasters, teachers, and the participating children.

Parents actively participated, aiding in the

organization and management of activities, expressing satisfaction and joy as they observed their children's achievements and radiant faces. Students, both with and without disabilities, exhibited excitement and enthusiasm throughout the program. Though some non-disabled children initially harbored minor apprehensions about partnering with their peers with disabilities, these concerns dissolved as they recognized the capabilities and excellence of their fellow participants. Overall, the celebration effectively championed inclusivity, dismantling barriers and cultivating positive interactions among students of diverse abilities.

Participation in celebration of International Day for the Disabled by SSEPD Department

03/12/2022: To Celebrate the International Day for the disabled, SSEPD Department organized one Walkathon and series of cultural programs by children with disabilities. As permitted by the department, 6 CwDs along with two escorts joined the walkathon in colorful attire. They were dressed up like cheerleaders, models and Jokers. Two of our talented kids also got chance to showcase their talents on music, instruments and dance.

Celebration of World Braille Day

04/01/2023: World Braille day was celebrated this year by spreading awareness on VI, needs challenges and rights of VI in different schools and distributing Braille tool kits to five needy children with VI. The awareness sessions were held at 4 different ICRC based Schools of Bhubaneswar. Five team members conducted different activities which included simulation activities for disability sensitization, presentation on VI and role of teachers in bringing inclusion.

The outreach of this sensitization program was 362 including non disabled students of mainstream school, teachers, children with disabilities and parents of CwDs. This time the Braille Day was specially designed to sensitize parents and teachers. They got engaged in the whole process without any hesitation. All of them whole heartedly supported the event with their active participation. It helped them understand the situation of visually impaired persons, their struggle in life and necessary steps to be taken for their development and creating inclusion.

Celebration of Republic Day and Saraswati Puja

26/01/2023: After two years of the pandemic, the 74th Republic Day was celebrated in Bhubaneswar's mainstream schools. CwDs actively participated in this celebration in their respective schools with much enthusiasm. CwDs in ICRC based schools participated in different programs like speeches, songs, solo dances, group dances etc. In ICRC-3 a group of students performed the National anthem in sign language.

After celebrating Republic Day in the morning, Saraswati Puja was also celebrated with great enthusiasm on the very same day at the premises of Swabhiman. Team Swabhiman gathered at the office premises to seek the blessings of the Goddess of knowledge, music, art, and culture. The rituals were conducted by Pandit Ji, who not only performed the Puja but also enlightened all present in the process of worshiping the Goddess of knowledge. The Puja ended with the distribution of Prasad.

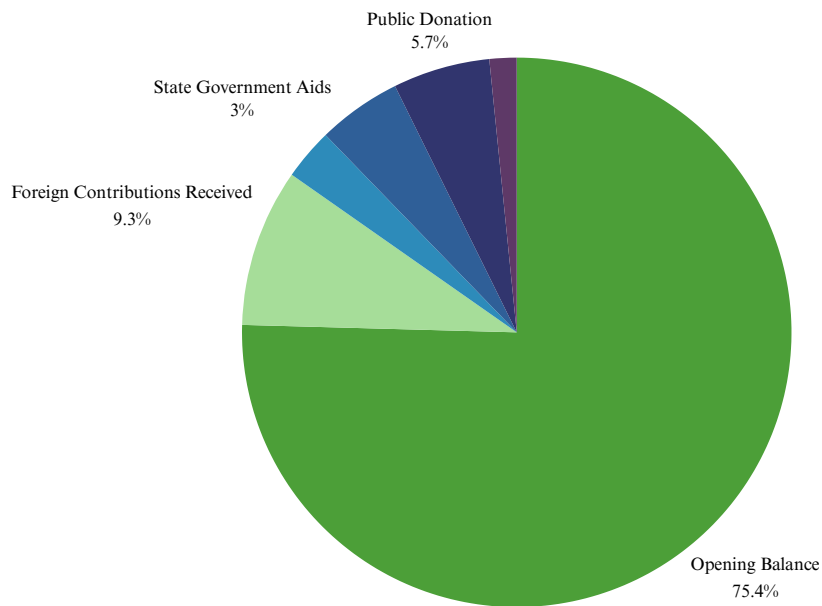

Exposure visit to Suravi Children's Festival

14-16/11/2023: Exposure visit of CwDs to Suravi -the state-level children's festival was organized on 15-16/11/2022 by team Swabhiman. Due to Covid-19 pandemic after a gap of two years, the Odisha School and Mass Education Department organized this children's festival at the premises of Govt. Boys High School, Unit-9. Anandamaya Sikhya was the theme of this year's program.

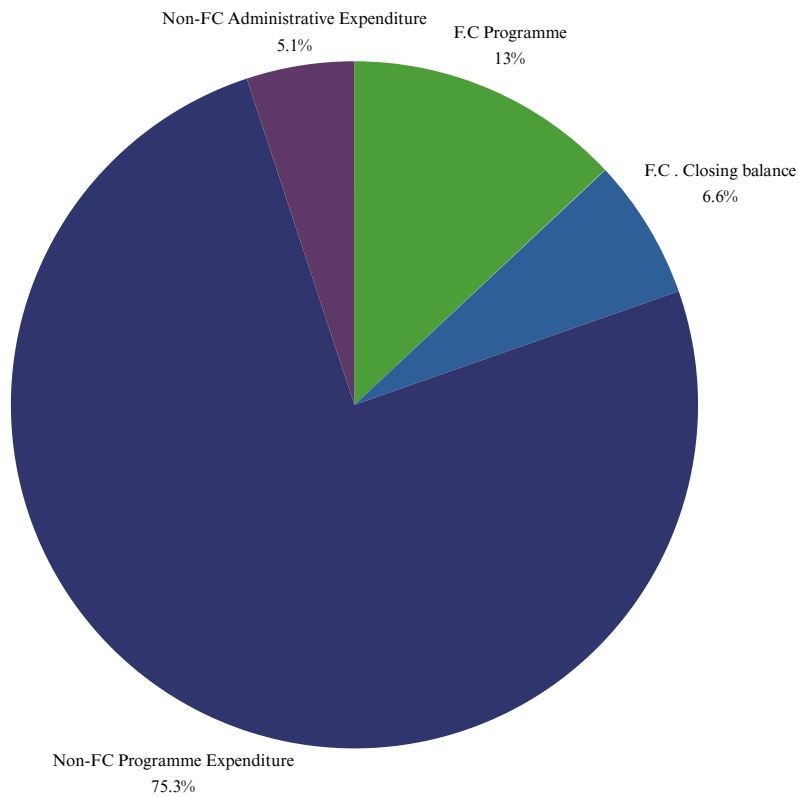

24 CwDs went to visit Suravi and witnessed different cultural programmes, competitions, science exhibitions, art, craft and clay modeling workshops. They visited the exhibition stalls, interacted with teachers from different schools and enjoyed making paper crafts like animal masks workshop.

'Carnival of Love' in city

Participants at Anjali International Children Festival take out a rally

BHUBANESWAR: Children from across the state took part in the 'Carnival of Love', a mass procession organised by Swabhimaan here on Wednesday. Defying barriers of disability, language, and social status, hundreds of children including those differently-abled marched in a procession. Celebrities, roller skaters and folk art performers also joined the colourful carnival.

The carnival started from behind the Convent school at Unit III and continued till Utkal mandap.

It marked the conclusion of Anjali International Children and Youth Festival-2022. EN

'Need an inclusive world for PWDs'

Minister Ashok Panda with beneficiaries and others

Minister of Social Security & Empowerment of Persons with Ashok Chandra Panda on Friday distributed India's first motorised wheelchair attachment NeoBolt to wheelchair users differently-abled children move around independently.

'NeoBolt', developed by Madras-based NeMotion Assistive Solutions Limited is stated to be first of its kind in the country. It is the innovation that helps wheelchair users to move around independently.

For over 100 years, International Women's Day has been celebrated worldwide to commemorate women, their struggles, and their achievements. The world is moving towards achieving gender balance. For ages, men have had more privileges in every sphere of society. In addition to the pre-existing social and systemic barriers to women's participation, new barriers emerged.

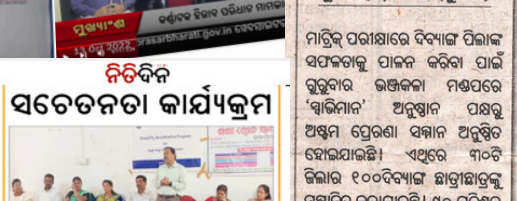

recognize the extra acts of women and stand as a united force, to advance equality around the world.
